50X1-HUM

1. Mikhailova (47°23'N, 46°50'E)

A textile factory is located here which has two departments producing clothing for the Soviet Army, and one department producing for civilian needs. Approximately 800 complete summer and winter outfits are produced daily. Another department works on Arctic clothing, and its daily production is ten complete fur Arctic outfits. The number of workers employed is 1,150 women and 250 men.

2. Kineshma (57°26'N, 42°10'E)

Submarine escape apparatus are produced in quantity by a factory here. The apparatus are tested in a basin which is 3,000m. long and 16m. deep on the Volga. The completed apparatus are delivered to Ivanovo, where there is a naval unit, for onward routing.

3. Two of the bridges at Kineshma, which were destroyed by bombing during the war, have been repaired by Russian engineers. The northernmost bridge is constructed of concrete, and Stalin and T-34 tanks were seen using it in September 1947.
